- Minimalizacja Amplifier
- Minimalizacja DC Amplifier
- Regulacja fazy Phase control
- Generator sygnału pom. H Oscillator
- Przetwarzanie sygnału synchronizacji Sync. Colching Range Switch
- Demodulator AM AM Demodulator
- Minimalizacja z ABC ABC Controlled Amplifier
- Komparator fazy Phase Detector
- Prezentacja Schmitt Schmitt Multivibrator
- Separacja sygnału synchronizacji Sync separator AGC gate (puls trapezoidalny)
- Stopień wejściowy Input stage
- Działanie synchronizacji Sync circuit
- Generator przebiegu piłoczek Ramp generator
- Generator sygnału mocy Power generator
- Minimalizacja komplementarny mocy Complementary power amp
